2.1 All of the streets, drives, courts, and cul-de-sacs shown on the plan of Subdivision fronting Lots 42-101 inclusive, shall be private streets, drives, courts, and cul-de-sacs. The Parish of St. Tammany, the State of Louisiana and the public in general shall have no interest or rights therein. Said streets, drives, courts and cul-de-sacs are not intended to be dedicated in any manner to the Parish of St. Tammany, the State of Louisiana, the public in general or to public use. Ownership and fee title to said streets, drives, courts, and cul-de-sacs shall remain in **Tammany Holding Corporation**, its successors, transferees or assigns and are reserved by and excluded by **Tammany Holding Corporation**. The filing of the Plan of Subdivision and/or the sale of property or Lots by **Tammany Holding Corporation**, its successors or assigns, by reference to or according thereto shall not in any manner dedicate said streets, drives, courts, or cul-de-sacs to the Parish of St. Tammany, the State of Louisiana, the public in general or to public use.

2.2 There is hereby granted and established by designation in favor of each and every Lot in the Subdivision, each and every present and future Owner of a Lot in the Subdivision, and the Association, their heirs, successors and assigns, a non-exclusive perpetual servitude of passage and of ingress and egress on, over and across all of the streets (including all drives and courts) and the street rights-of-way located in the Subdivision, as shown on the Plan of the Subdivision. guests, the non-exclusive use and right of passage, together with others, of said streets and sidewalks, if the latter are required, within the said street rights-of-way for access to and ingress to and egress from every Lot and/or Common Area, which said use shall be determined by law, these Subdivision restrictions, and rules and regulations as promulgated by the Association from time to time. In no event shall any such Lot or Owner of a Lot or grantee be deprived of egress from or ingress to his Lot over the said streets in the Subdivision. The aforesaid servitudes established in this Article shall not be subject to termination or amendment by or upon any termination or amendment of this Supplementary Declaration. The servitudes hereinabove established in this Article shall encumber and include, without limitation, all of the following streets, drives, courts, and cul-de-sacs shown on the Plan of Subdivision, to wit: **Marina Villa East**. Any person who shall cease to be a Lot Owner and Association member shall lose his servitude rights under this Article.

In addition, Declarant reserves the right for itself, its successors and assigns, to use and enjoy the said streets and street rights-of-way in addition to and together with all of said grantees. It is understood that other servitudes, such as servitudes for utilities, have been granted which affect the said street rights-of-way. and assigns, and/or any utility company, entity or governmental agency in carrying out its rights, duties or obligations to install, maintain, repair or replace the improved streets or any utility within the Subdivision or streets, may reasonably temporarily obstruct or interfere with the said use of passage, and of ingress or egress, on, over or across said streets and street rights-of-way. The Association shall also have the right to protect and preserve the private nature of the said streets in the Subdivision by reasonable means, including without limitation, by reasonable rules and regulations, by gatehouses, security gates, check points, guard rails and similar devices located in the street right-of-way or otherwise.

2.6 Nothing contained herein shall in any way prevent or limit the Declarant from installing such security gates or similar devices along the street rights-of-way so as to segregate certain portions of the subdivision from other portions thereof, provided that such activity does not deny a Lot or Owner the right of ingress or egress to the Owner's Lot, even if a deprivation of ingress or egress to other portions of the Subdivision is the result.
